## Lt. Wilkinson, Pilot, Dies in Action in Italy

Lake Villa Aviator, Overseas Since October, Killed April 12

Second Lt. Thomas Wilkinson, Jr., 25, was killed in action over Italy April 12, the War department has notified Mr. and Mrs. Thomas Wilkinson of Lake Villa.

Lt. Wilkinson was a Thunderbolt pilot with the Army Air corps, having received his wings at Foster field, Tex., in February, 1944. He had been in the service for three and one-half years, and overseas since October, 1944.

Three Sisters Survive  
He attended Grant Community High school and was afterward associated with his father in the blacksmith business.

Members of his family had not received any word from him for a month before the news from the War department reached them.

Survivors include three sisters, Mrs. Walter Brezina, Antioch; Mrs. Harold Boller, Waukegan, and Mrs. D. J. Guida, Philadelphia, Pa.

## Ens. Frank Jirka Wounded by Mortar on Iwo Jima Feb. 17

Ensign Frank J. Jirka, Jr., USNR, son of Dr. and Mrs. Frank J. Jirka of Channel Lake and River Forest, Ill., was wounded by a mortar shell on Iwo Jima Feb. 17, and is now a patient in the U. S. Naval hospital on Mare Island, Calif.

Dr. and Mrs. Jirka have just returned from visiting him there, and report that Frank is in splendid spirits.

Ens. Jirka was featured in a front page article in the Chicago Herald American for Tuesday, May 1, which told of a visit of wounded navy men to the peace conference in San Francisco.

The same edition carried an announcement of the receipt by Richey V. Graham, of River Forest and Channel Lake, of the Silver Star medal and the Bronze Star medal with two Oak Leaf clusters, awarded to the late Lt. Anton Graham, infantry, in the European theater of action.

The two young men, first cousins, were grandsons of the late Mayor Anton Cermak of Chicago. Other members of the Cermak clan are also serving in the armed forces.

## St. Peter's to Have First Mission Held There in Five Years

For the first time in five years a mission will be given at St. Peter's Catholic church, Antioch.

The Rev. Father Raymond Hillinger of the Chicago Diocesan missionaries will conduct the services, which will be held every evening commencing Sunday, May 6 and closing Sunday, May 13. The evening services will start at 8 o'clock and there will also be morning services, at 6 and 8 o'clock.

"As this will be an opportunity for all to bring about a revival of their religious life, everybody is invited to attend the services and consult with the missionary priest about their problems," the Rev. Francis M. Flaherty, rector, states.

## H. S. Spring Music Fete Announced for May 11

The Antioch Township High school music department is actively engaged these days with preparations for the annual spring concert to be presented Friday evening, May 11, in the auditorium under the direction of Hans von Holwede. Tickets for the event, for which an attractive program is being arranged, may be obtained from students in advance, or at the door on the evening of the concert.

## Pvt. E. G. Goodwin is Reported War Casualty

Pvt. E. G. Goodwin, serving overseas in the European area with a recon. company, was recently reported to have been killed in action on March 9, according to word received at the News office. No further information has been received.

Second Lt. R. G. ("Bud") Holtz arrived home a few days ago, on leave from Red Bank, N. J.

## Fire District Reports \$1,851 Spent in 1944-5

The report of trustees of the First Fire Prevention district of the township of Antioch from May 1, 1944, to May 1, 1945, places receipts for the year at \$2,130.56 and expenditures at \$1,861.65, with a balance of \$278.71.

The report, as given by E. L. Simons, secretary, is published in full elsewhere in this issue of the Antioch News.

The previous year's report showed receipts of \$2,488.06 and expenditures of \$1,309.19. The balance on hand May 1, 1944, was \$1,178.87; the balance on hand May 1, 1943, was \$674.70.

## News of the Boys in Service

From Armed Forces Radio station, Navy 926, Fleet post office, San Francisco, to Mrs. Louise E. Sorensen, Route 2, Antioch:

"Please let this acknowledge receipt of your request for a Valentine's Day greeting to your serviceman here in the Marianas. We're sorry to tell you that your greeting arrived too late to be included in the special program. By the way—that program got such a huge response, we had to broadcast for two and a half days to get in all the requests that arrived on time.

"We know what it means to have a serviceman remembered by his friends and family back home—so we're going to continue to serve you and your guy as best we can. When his birthday, anniversary or any other special occasion comes around, we'll be glad to dedicate a song to him, with a message from you.

"But there are a few things you'll have to do. One is—send your request by V-mail. Second, send it AT LEAST three weeks before the date you want the request played.

"Incidentally, you might call the editor of your local paper and tell him that the Armed Forces Radio station out here extends its facilities to you folks back home.

"Maybe there are some others in your vicinity who would like to remember their loved ones."

The son to whom Mrs. Sorensen's greeting was addressed is Pvt. Jerome H. Sorensen, APO 246, San Francisco.

## PVT. ELMER COBB, WOOUNDED MAR. 14, RETURNS TO DUTY

Mr. and Mrs. M. E. Cobb, Lake Marie, received a card Monday informing them that their son, Pvt. Elmer Cobb, who was wounded Mar. 14 in the European theater of action, returned to duty Apr. 22.

The Purple Heart award conferred on Pvt. Cobb has been received here by his parents.

A brother, Raymond Cobb, AOM 3/c, who was home recently on leave, has returned to duty with the navy and may be addressed via New York Fleet post office.

Warren ("Doc") Sheehan, MM 3/c, sends a news resume from the Philippines.

"It has been quite some time, since you have heard from me, although my buddy, Don Minto, told you of our travels and affairs a few months ago. We have been very fortunate and have spent almost all our service life in the same camps. Our outfit has sent small groups on special assignments a few times and one or the other would catch a separate unit for a few weeks.

"Our battalion has put us into companies and platoons according to our work now, so we had to move all over the area a short time ago. It was a great mix-up, with everyone moving into the other fellow's tent. We are now well settled and accustomed to our new tent-mates, so are none the worse for wear.

"Our arrival here was expected for some time, and what our air forces had not destroyed was torn up by the Japs themselves. There was a fair-sized city here at one time and it shows all signs of having been a prosperous one. The Japs took it over on their coming and forced the people to small villages or back into the hills. They used the city as headquarters for their air force. There was a good field and planes of all types here. The one big mistake the Japs made was by not being able to keep them. Our air crews laid eggs on that field that blew holes large enough to swallow box cars, and scattered Jap fighters and bombers from one end of the field to the other. We sure like to see them that way instead of up above.

"Don and I are in our twenty-third month over here and have been on jobs all over the Southwest Pacific area. Horace Mann from Waukegan has been with us all the time and also during our training in the States. It's (Continued on Page 8)

## Antioch Lions' Golf Tourney Is Set for May 28

Regatta and Dance Will be Held After Memorial Day

The Antioch Lions' club has set Monday, May 28, as the date for its annual spring golf tournament, it was announced last week by officers of the organization.

The tournament will be held at the Chain O' Lakes golf course, with Ed F. Vos, chairman, L. E. Murrie, Dr. G. W. Jensen and R. A. Arnold as the committee.

Other spring and summer plans being made by the club include the sponsoring of a regatta on Channel Lake some Sunday after Memorial Day, with a dance to follow in the evening.

Further arrangements for spring and summer events are to be discussed at the club's next meeting, Monday evening, May 14.

New members who were accepted at the Lions' last meeting, April 23 at the Roundup restaurant, include John Oftedahl, Austin J. Pickard, Carl Barthel and C. R. Keulman. Dr. L. J. Zimmerman was reinstated.

Membership of the club's civic committee was increased. The committee includes O. E. Hachmeister, chairman, B. R. Burke, J. P. Miller, Dr. Frank Keefe, William Rosing.

## Winners of Poppy Day Poster Contest Named

George Nelson, Antioch Grade school, was winner of first place in Group I of the annual Poppy Poster contest sponsored recently by the Antioch American Legion auxiliary in connection with its Poppy Day observance, which is set for Saturday, May 26.

Second place in Group I, which included the fifth and sixth grades, went to Rose Anne McGreal, Antioch. Carol Jean Pregenzer, Grass Lake school, was cited for honorable mention.

In Group II, comprising the seventh and eighth grades, the prize winners were June Ann Hunter, first; Verna Mae Kufalk, second; Shirley Miller, honorable mention, all of Antioch Grade school.

The judges, Mmes Anne Heath, Lucy Himens and Sadie Keeney, stated that "there were many good posters submitted and the judges had difficulty in selecting the winners."

## Magazine Agent Does Not Represent Legion Local Officers State

Reports have been received that an agent representing his activities as being connected with the American Legion has been canvassing the Hickory area selling subscriptions to a magazine, and stating that a portion of the sums paid would go toward Legion funds.

An investigation conducted by some of the "prospects" revealed that the Antioch American Legion post had no knowledge of such an agent. Both Commander F. A. Swenson of the Antioch post and Senior Vice-Commander John L. Horan of the Tenth District organization stated that no such agent had been authorized to solicit funds.

In some places the "agent" was reported to have obtained as high as \$11, and his "take" in every instance was said to have been not less than \$5.00.

He seemed to have made no calls at the homes of Legionnaires, and in some instances varied his story to indicate a connection with the Antioch Rescue squad rather than the Legion.

## 300 Little Chicks are Saved in Brooder Fire

Prompt action by Mrs. Herman Long saved 300 little chicks when a brooder stove overflowed and caught fire Monday at 4:45 p. m. in a chicken house on the William Rosing farm south of Antioch, tenanted by Mr. and Mrs. Long.

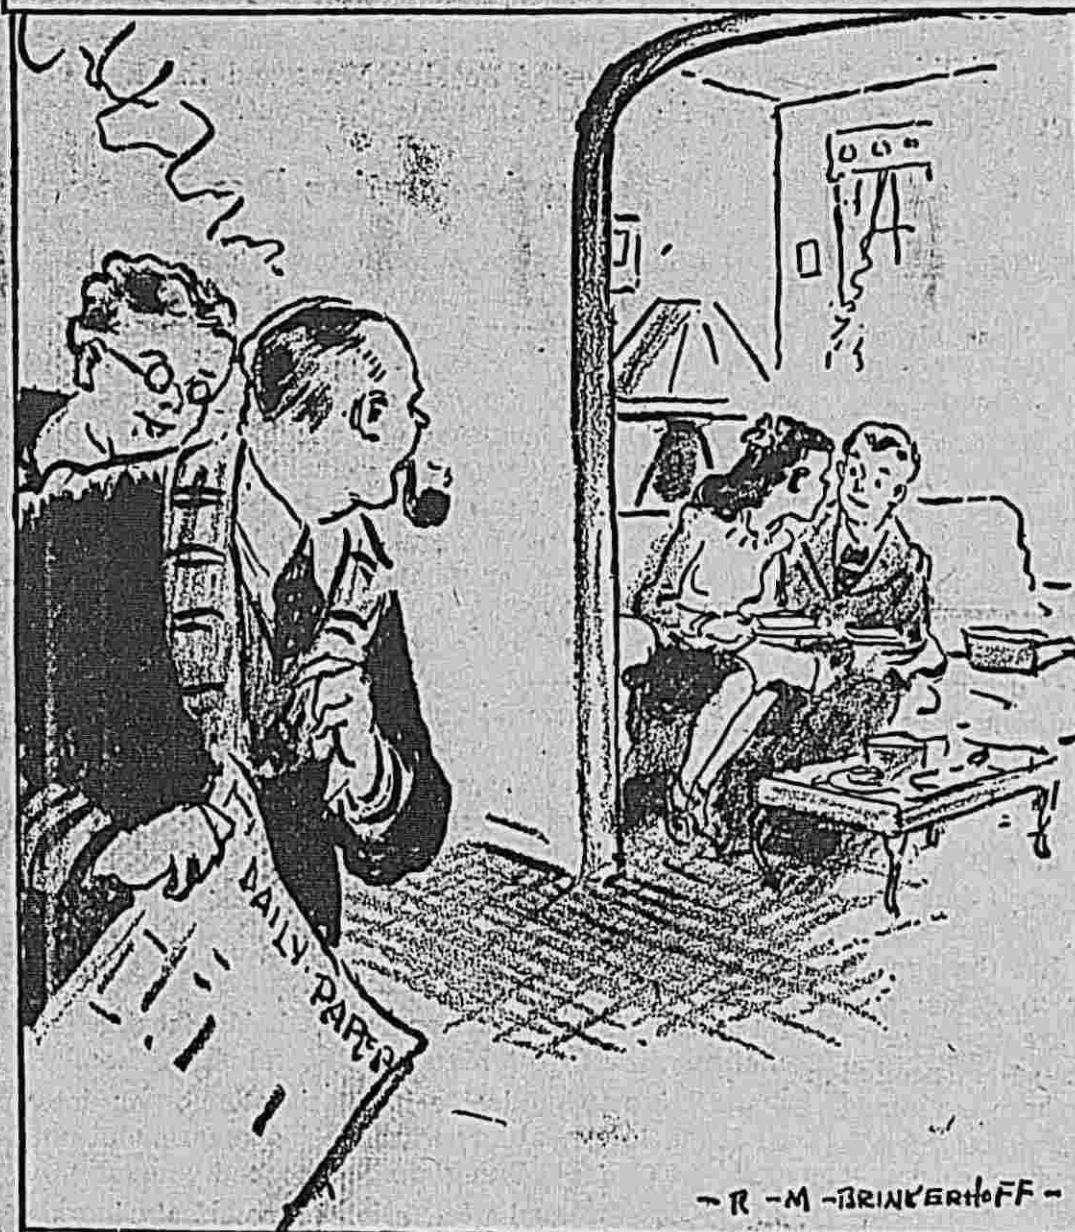

The blaze was extinguished by the Antioch fire department, which reported that due to Mrs. Long's presence of mind, there were only minor damages.

Monday at 10:15 p. m. there was an alarm for a chimney fire at the E. J. Kugle place in Warden's Woods at Indian point. There were no damages, Fire Chief L. R. Van Patten stated.

## Wilmot Fire Dept. to Sponsor Benefit Dance

A benefit dance for Sgt. and Mrs. Melvin Lake will be sponsored by the Wilmot Volunteer Fire department Saturday evening, May 19, in the Fox River Winter gardens, Wis. Highway 50 at the Fox river. Bessie Barnes and her orchestra will furnish the music.

## Send Two Truckloads of Clothing to Needy

Two truckloads of clothing are being sent to the needy in Europe from Antioch and adjacent areas, this week.

The clothing has been brought to the grade school by donors or picked up by the village truck during the past several days, and is being crated this week by Richard Whitacre, principal at the grade school, and Charles Andersen, engineer.

Most of the clothing gifts have been reported to be of splendid quality, clean, and eminently suitable to be of practical use to residents of war areas and others who are in need of them.

## Livestock Slaughtering Rules are Announced

Information on livestock slaughtering received May 1 from the War Food Administration office in Chicago has been announced as follows by Chester A. Faulkner, chairman of the Lake County AAA committee:

"Under a delegation of authority by the War Food Administration the Office of Price Administration will assume responsibility for livestock slaughter licenses after April 29, 1945.

"War Food Order No. 75 has been amended to eliminate livestock slaughter licensing and quota restrictions effective April 29, 1945. However, Office of Price Administration has issued Control Order 1 (Livestock Slaughter & Meat Distribution) effective April 30.

"Beginning Apr. 30, 1945, no person under OPA order may slaughter cattle, calves, sheep, lambs or swine except in compliance with the provisions of the Order, and its supplements.

"All class 2 slaughterers who wish to continue slaughtering must apply for registration between April 30 and May 14, inclusive, on Form R-315, with the District Office of the OPA for the district in which the slaughtering plant is located. It is our understanding that OPA will require the report of slaughter in 1944 be indicated on the application and that the amount slaughtered will be the automatic interim quota of the slaughterer unless advised to the contrary by the Office of Price Administration.

"Farm slaughterers will be required to apply for registration on Form R-315 with the Office of Price Administration during the period May 14 to July 1, 1945 inclusive, and such registration will be with the local War Price and Rationing Board.

"All inquiries relative to a slaughter license or permit should hereafter be made to the Office of Price Administration."

## Public Parking Lot is Built by Reeves Store

A parking lot which will be open to the use of the general public has been arranged at the rear of the Reeves Walgreen Agency Drug store. The lot has been surfaced with crushed stone, and will accommodate a number of automobiles.

Its use will not be restricted to customers of the store, Mr. and Mrs. George Borovicka, proprietors, state, but will be open to all, as a service on the part of the store to the community in relieving some of the automobile parking load carried by Main street.

## Council Plans Improvement of Village Streets

Depot Street East of Tracks to be Given Coat of "Black Top"

A resolution for designation of arterial streets under the motor fuel tax laws was adopted at a meeting of the village council Tuesday evening. It calls for an extension of Depot street from the Soo Line railroad east to the village limits, the purpose being to improve the village share of the street with black top to meet with the Antioch township highway improvement program. The township plans to put a "black top" surface on Pierce road to Highway 173 and State Line road.

A village streets resolution for maintenance from the motor fuel fund was passed, calling for improvement on arterial streets. This includes North avenue east of Main street; North avenue west of Main street; First, Orchard, West Lake, Harden and Quality streets.

Paul Kingery, Chicago, regional planning commissioner, has been invited to meet with the village zoning commission Wednesday evening, May 16, at 7:30 o'clock.

A cement floor is to be laid in the garage used for storage of the Rescue squad truck and other village equipment, it was voted.

V-E Day Ordinance  
An ordinance governing the observance of V-E day in Antioch was adopted, and is published elsewhere in this issue of the Antioch News.

George S. McGaughey will continue to serve as village attorney during the coming year, it was announced.

Village council committees for the coming year will remain substantially the same, it was stated, since there were, with the exception of the new treasurer, Mrs. Martha Hunter, no changes in the membership of the board as a result of the April 17 municipal election.

The final treasurer's report made by Mrs. Vera L. Rentner, who was elected four years ago, was accepted, and she was commended for her excellent service throughout that period.

At a recessed meeting of the board last Thursday evening, all liquor licenses were approved.

These included Thompson's, Busie's, the Pine, Bud's and Blum's taverns; the Antioch Recreation (beer only), and the Antioch Liquor store.

Milk Ordinance Effective  
Village Clerk Roy L. Murrie announced yesterday that all distributors who have been supplying the village with milk and milk products had stated their intentions of complying with the local milk ordinance which became effective May 1 and had purchased in advance their distributors' licenses.

The ordinance also affects all merchants and others selling milk and milk products within the village limits. As published in the Antioch News issue of April 5, 1945, it calls for the pasteurization of milk and milk products sold within the village limits; for the licensing of distributors at a fee of \$35.00, and stores and other establishments selling milk and milk products, at a fee of \$3.00; for the making of necessary inspections by the health officers, and for the labeling of milk containers.

The making of tiny figurines from scrap plastic material left over from the manufacture of bombers is the hobby of John C. Meyn, Ingleside. A special display of his work is being arranged by Reeves' Walgreen Agency drug store, which is acting as agent for the sale of the little articles as souvenirs of Antioch. A number of the figurines are also being shown in the Antioch News window.

The bass fishing season will reopen in the southern third of the state on May 14.

## Senior Class Will Present Play This Evening, Tomorrow

"Feathers in a Gale" Has  
Maine Village as Its  
Setting

A unique law known as "the widows' vendue" provides for much interest in the play, "Feathers in a Gale," which will be presented by the Senior class of Antioch Township High school this evening and Friday evening in the school auditorium.

A village on the coast of Maine is the setting for the play, a three-act comedy, which will start at 8:15 o'clock.

The "widows' vendue" law has continued in effect for many years in the little village without question until a preacher and a roving sea captain come to town. From then on, things start happening.

Members of the cast in the order of their appearance are Gertrude Stimpfl, Louise Elm, Stuart Good, Betty Bartlett, Barbara Prindle, Don Gaa, Charles Flint, Don Bratrude, Alan Thain, Mabel Lou Hunter and Phyllis Mattson.

Governor Dwight H. Green has proclaimed Sunday, May 13 as Mother's Day throughout Illinois.

"Every day is in a sense mother's day," the Governor's proclamation said, "For constantly the love and devotion of American mothers nurture the boys and girls on whom the future of our republic depends. Steadfastly the affection and the prayers of American mothers sustain the courage of the young men and women of our fighting forces. Alike in war and peace, our finest ideals and fondest memories come from our mothers."

"Once a year, in special tribute, we set aside a day in honor of American motherhood. Mother's Day is a day for tender remembrance, a time for giving expression to the filial love and devotion our mothers so richly deserve."

A closed season on bass went into effect April 30 in the northern zone of Illinois, and will continue until June 14. Largemouth, smallmouth, and Kentucky or southern smallmouth black bass will be given an undisturbed spawning season during this period.

The northern zone is comprised of Boone, Bureau, Carroll, Cook, DeKalb, DuPage, Grundy, Henderson, Henry, Iroquois, JoDaviess, Kane, Kankakee, Kendall, Knox, Lake, LaSalle, Lee, Livingston, McHenry, Marshall, Putnam, Mercer, Ogle, Peoria, Rock Island, Stark, Stephenson, Warren, Whiteside, Will, Winnebago and Woodford counties.

The bass fishing season will reopen in the southern third of the state on May 14.

The making of tiny figurines from scrap plastic material left over from the manufacture of bombers is the hobby of John C. Meyn, Ingleside. A special display of his work is being arranged by Reeves' Walgreen Agency drug store, which is acting as agent for the sale of the little articles as souvenirs of Antioch. A number of the figurines are also being shown in the Antioch News window.

## Trevor Community Club Will Postpone Dance

The Trevor Community club's May dance, originally planned for Saturday evening, May 19, is being postponed to a later date, in order to avoid conflict with the Wilmot Fire department's dance, scheduled for the same date, it was announced by Walter F. Hagemann, president.

## Dance Proceeds to be Used for Legion Hall

A good time for all is being planned by the Antioch American Legion in connection with its Maytime dance Saturday evening in the new Legion hall on Ida avenue. Proceeds of the dance will be used for the final payment on the hall. Music is to be furnished by Charles Pitt's band.

A meeting of the Antioch Grade School Parent-Teacher association will be held Monday evening, May 14.

### "It's Always Darkest Just Before Dawn"

Just as a loaded wagon or truck seems to pull heavier and heavier as it nears the crest of a hill, so the burden of the war effort may be expected to drag harder and the sacrifices may really need to be greater in some ways toward the war's end than at its beginning.

Citizens of this country are being asked to do with a little less in the way of certain foods in order to provide more for those in other lands who are not so fortunate as we have been.

Assignments of payroll savings have already been started (with the first pay day in April) for the Seventh War Loan campaign, which will officially open May 14 and close June 30. The goal has been set at fourteen billion dollars, of which seven billions are to come from sales to individuals. This is the highest quota established for individuals in any of the War Loan drives.

The call for all persons who are able to do so to aid in work contributory to the war effort and to the general welfare is stronger than ever.

The tempo of the country's war effort seems in many ways to accelerate rather than to diminish as the organization of that effort becomes more streamlined.

Citizens are being asked to continue and perhaps increase their victory gardens.

That last long pull over the hill to victory, that last mile of the marathon won't be so easy—but whoever said that war was easy?

It is interesting, however, to see that the aggressor nations are being beaten at their own game; that the so-called "in-efficient" democracies are proving, in the long run, curiously more efficient than the so-called "efficient" totalitarian regimes; and that there is already the prospect that out of the more or less chaotic conditions in the liberated lands more and more order will emerge.

### Give Generously—And Wisely

Antioch township's Red Cross drive has just been closed with total receipts of \$3,685, well over the goal of \$2,500 which had been established as the local quota; Antioch's clothing drive for the needy in Europe has also had a generous response.

Numerous other deserving causes, and organiza-

tions (such as the Salvation Army, which is reported to be doing a splendid, although unpublicized, job for the boys in service) have also in the past and can continue in the future to count on receiving the backing of residents of this region.

Antioch has also been fortunate that, to date, there appears to have been little attempt on the part of those despicable racketeers who work their schemes on relatives of service men to visit this territory. Such schemes are reported by law enforcement officers and patriotic organizations to be both numerous and ingenious.

Co-operation on the part of the general public in reporting them promptly, first to law enforcement officers and, second, to such organizations as the American Legion, Veterans of Foreign Wars and the Red Cross may go far toward stamping them out.

### An Accounting Due

With the war headed for a successful conclusion, the time is nearing for Washington to start on the biggest accounting job in history.

As a basis for taking stock and cutting our post-war coat to fit our cloth, should not the government render a financial report to its 50,000,000 taxpayers, its 70,000,000 war bond holders, and the 137,000,000 citizens who comprise America's "stockholders"?

Such an accounting would help Congress regain control of the nation's purse-strings. It would open up the books of the 40 or more governmental corporations which control some \$30 billion, and, for the most part, have not been subject to audit or liable to uniform reports.

Finally, it would prepare the way for a rapid return to a budget where income balances outgo, so that we could plan the payment of interest on the national debt, and its eventual retirement.

## FAST MILKING

A "FIRST"

in profitable herd management

Handy Wash Cart for sanitation equipment helps in the fast milking method on the Willow Hill Farm, Barrington, where these scenes were taken.

According to dairy authorities, "Fast" Milking means increased milk production, cleaner milk, better udder health, and hours of milking time saved ... hours that are valuable these wartimes.

The success of the fast milking method depends largely upon timing—the time between the cow's let-down and the time when milking actually begins. Milking should begin within one minute after the cow begins to let-down, and should continue from two to four minutes, or until the udder is nearly dry ... ready for stripping.

Important, too, in this scientific and sanitary milking method is the part warm water plays. It is one of the "stimulators" that causes the let-down, and mixed with chlorine, it makes the disinfectant that safeguards udder health, aids mastitis control.

Electrically pumped running water is ready to help make more milk through the use of drinking fountains, and electrically heated water is ready to help get all the milk more quickly and cleanly through the fast milking method.

HOW TO

MILK CLEAN  
IN A HURRY

1 Operator Prepares Cow for milking by thoroughly washing udder and teats with warm (130 degrees F.) chlorine water (250 p.p.m.)

2 Strip Cup Test is made to determine whether mastitis is present; also to help stimulate the cow's letting-down process.

3 Milking Machine is applied immediately after strip cup test for two to four minutes. (Milking time depends upon individual cow.)

4 Udder is Massaged about two minutes after milking begins. Massaging helps relax and straighten milk ducts, promotes complete let-down.

5 Stripping Follows when udder is nearly dry. Teats are again dipped in warm, chlorinated water to seal them off from germs.

Electricity is available to more than 86% of all the farms in the area served by the

## Woman's Club to Hold Annual Card Party Mon., May 8

Climaxing its 1944-5 season, the Antioch Woman's club will hold its annual card party in the home of Mrs. William E. Cooper, Channel Lake, Monday afternoon, May 7, at 2 o'clock.

The hostess committee for this meeting is composed of Meses. O. C. Mathews, Thomas F. Hunt, Claire N. Dunbar, Clarence B. Olson and S. A. Jedele.

Members lacking transportation are asked to notify the president, Mrs. John Brogan.

The reading of annual reports and election of officers will precede the card party.

Mrs. A. H. Kaufmann, war service chairman, announces that books and small magazines may still be brought in for the service men's libraries. Another worthy project open to all club women is sponsored by the art department of the Illinois Federation of Women's Clubs. Arts and crafts are being used extensively in the rehabilitation of service men in army and navy hospitals. The first call is for volunteer arts and crafts teachers who will go to Vaughan, Gardiner, and Great Lakes hospitals to work directly with the patients. Clubwomen, in fact all women everywhere, can help by contributing the following:

Scraps of yarn over a yard long. Needlepoint yarn. Cross stitch canvas. Old sweaters, which may be unraveled. Unused felt. Cloth, suitable for lining bags. Plastics. Old tooth brush handles. Wood, suitable for carving. Cooper and brass. Seed beads or larger beads. New leather. Scissors. Drawing and painting supplies. Materials for rag rugs.

"Housecleaning time is here again. This is a fine chance to clean out your scraps and put them to a worthy use," club officers state. "Inasmuch as this is a long-term project, your gifts will be acceptable at any time. It is important that we keep a continuous supply flowing in. Although most club work stops for the summer, our boys remain hospitalized, winter and summer. This Federation Art department warns that this appeal is urgent and needs full support. Remember that 'absence of occupation is not rest.'"

## Robert Chinn and Chicago Girl Wed in Ceremony Sunday

Miss Marguerite Irene Minniti, daughter of Frank Minniti, Chicago, and Robert Chinn, son of Mrs. Myrtle Stowe, Antioch, were united in marriage Sunday at Our Lady Help of Christian church in Chicago. The church was beautifully decorated for the service, which was held at 2:30 p. m.

The bride wore a gown of white satin, and a long veil with a train. Purple orchids and white sweet peas formed her bouquet. Her maid of honor was Miss Catherine Caryso, Chicago, and bridesmaids were the Misses Josephine and Anne Minniti and Annabelle, Armstrong, Chicago. James Harvey, best man, Russell Stowe and Charles Armstrong, groomsmen, all of Antioch, attended the bridegroom.

A reception for 550 was held in the evening, in the I. O. O. F. temple on Jackson boulevard, Chicago.

After a short honeymoon, Mr. and Mrs. Chinn plan to make their home in Chicago, where the bridegroom has a civil service position with a chemical concern. He is a graduate of Antioch Township High school and also attended the Lake College of Commerce in Waukegan. He was secretary at Antioch High school for three years.

## Antioch Chapter, O. E. S., Observes "Friends' Night"

"Friends' Night" of the Antioch Eastern Star chapter was observed last Thursday evening, with Mrs. Eleanor Micheli and Robert Wilton presiding in the East and all other stations also filled with friends of the current officers.

The event was held in the chapter room of the Masonic temple, with a luncheon following in the dining room, which was decorated with spring flowers. Mrs. Helen Carlson was in charge of the decorations.

A group of musical readings, including "Little Boy Blue," "Count Your Blessings" and "Kiss and Make Up," was presented by Mrs. Alice Freeman.

Mrs. Elsie Hays was vocal soloist. Mrs. Helen Chapman is worthy matron of Antioch chapter and Richard Chapman is worthy patron.

Little Miss Merlyce Weber of Chicago spent last week visiting her cousin Buddy Lippert and his parents, Mr. and Mrs. A. Lippert.

Mr. and Mrs. Edward Frazier are the parents of a daughter born in St. Therese hospital April 29.

## Library News

Two new memorial books were placed on the Antioch Township library shelves this week. "Pleasant Valley" by Louis Bromfield was purchased as a memorial to Mrs. Gretchen Nelson. It is the saga of Malabar farm, the home the Bromfields created in Ohio, their native state. Dedicated to Private Walter Taylor, "Brave Men" by Ernie Pyle need not be described. Ernie Pyle's love for the G. I., his observations on the little things of war which somehow conveyed the tremendous whole, made him the voice of soldiers everywhere. New fiction includes "Roosters Crow in Town" by Hough. It is the story of a New England village, selected as the scene of maneuvers by amphibian troops.

"Flight Nurse" by Craig is a romantic novel about a girl of the Air Evacuation service and the pilot, who unwillingly falls in love with her. Santo Tomas University in Manila is the scene of "The Open City" by Shelley Mydans. The author was among those interned there, and her novel captures the real drama and tension of life under the Japanese. "Green Hazard" by Manning Coles is the spy story of the year. Tommy Hambledon, an honored guest of the unsuspecting Reich, inflicts much damage while posing as a professor of chemistry whose specialty is explosives.

**ROYAL NEIGHBOR OFFICERS' CLUB**  
**ELECT MRS. KLASS**

Mrs. Myrtle Klass was elected president of the Royal Neighbor Officers' club at a meeting Tuesday evening in the home of Mrs. Burt Anderson. Mrs. Addie Zimmerman is the new secretary-treasurer. Out-going officers are Mrs. Elsie Horton, president; Mrs. Dorothy Wertz, secretary-treasurer.

Six tables of five hundred and pinhole were in play during the social period. High score for five hundred was held by Mrs. Alma Harden and high score for pinhole by Mrs. Gladys Ames. Mrs. Effie Nelson won the consolation prize.

Mrs. Rose Masopust was assisting hostess. The next meeting will be held in the home of Mrs. Elsie Horton.

**BUSINESS WOMEN TO HOLD MEETING MONDAY**

A pot luck supper, to be followed with a business meeting and cards, will be enjoyed by the Antioch Business and Professional Women's club at its final meeting of the year, Monday evening in the home of Mrs. H. B. Gaston, 654 North Main street.

The new officers of the club, with Miss Charlene Jorgensen as president, will be in charge of the business session.

**REBEKAHS ARE HOSTESSES TO I. O. O. F. AT MEETING**

Members of Lakeside Rebekah lodge were hostesses to the Odd Fellows order at a social hour and luncheon following the Rebekah meeting Wednesday evening in the I. O. O. F. hall.

Seventeen were present at the gathering.

Mrs. Harriet Marzahl and Miss Mabel Sayles of Richmond and Mrs. H. B. Gaston attended the Worthy Matrons' and Patrons' Night observance held by Sorosis chapter, Order of Eastern Star, in Grayslake Tuesday evening.

Mr. and Mrs. D. A. McDonald and baby daughter Donna, of 3909 North Tripp, Chicago, spent the weekend with Mr. and Mrs. William J. Meyer, Grassy Lake.

Mrs. T. R. Birkhead and Mrs. C. N. Lux were hostesses at a shower Tuesday evening in Mrs. Birkhead's home in honor of Mrs. E. E. Edwards. Cards and a luncheon were enjoyed.

## Advance Night Will be Held by Antioch O. E. S.

"Advance Officers' Night" will be observed by the Antioch Eastern Star chapter Monday evening.

Mrs. Helen Carlson, Worthy Matron and Joseph Horton, Worthy Patron head the officers to be advanced.

Mrs. Esther Wilton and Mrs. Margaret Gaston. Chairmen of the May committee will be in charge of the luncheon following the observance in the chapter room.

A Penny sale will be held in the dining room following the meeting. Anyone wishing to donate articles for the sale please leave them at the Antioch News office.

## Legion Auxiliary to Honor Mothers, May 11

Friday, May 11, has been set by the Antioch American Legion auxiliary for its annual Mother's Day program, in which particular tribute is paid to gold star mothers of World War I and II.

Plans for the program were made at a meeting Friday evening in the home of Mrs. Tillie Miller. At this meeting also plans were discussed for a public card party, to be held Friday evening, May 18.

A district meeting will be held in Grayslake Wednesday evening, May 9, it was announced.

A social time, cards and a luncheon were enjoyed after the business meeting. Twenty-four were present. Assisting on the hostess committee were Meses. Zaida Vos, Sine Laursen and Eva Kaye and Miss Elizabeth Webb.

The membership and rehabilitation committees of the Antioch organization have received citations from the Illinois department.

Mr. and Mrs. William Gray of Chicago have taken over the management of La Fiesta, formerly the Beverly Inn, located at the intersection of Routes 59 and 173, since "Boots Darling" (Kay Nickerson) who previously managed the place for Phil Fortin was called to her home in Fairbault, Minn., by the sudden death of her father.

Guy Nickerson, who was a horse trainer, suffered a fractured skull in a fall and died 30 minutes later, passing away in the same day and hour as President Roosevelt.

"Boots" is remaining in Fairbault for a time with her mother, who is reported to be in poor health, but plans to return to Antioch later.

Mrs. Lester Nelson has been a surgical patient at St. Therese hospital.

Mrs. Clarence Mair was hostess to the members of her two-table pinhole club at her home last evening.

Miss Joyce Oftedahl, daughter of Mr. and Mrs. John Oftedahl, is convalescing in St. Therese hospital, where she underwent an emergency appendectomy Monday evening. She was taken to the hospital by the Antioch Rescue squad at 9 p. m.

Phil Anderson, Lake Villa, has been a medical patient in Victory Memorial hospital.

Antioch grade and high school pupils are being vaccinated, following the report that there are cases of smallpox in Kenosha county.

The Channel Lake A. C. bubbled over with generosity to present Lake Villa with 16 runs to the Lakers' 10 on the Lake Villa home diamond last Tuesday at twilight. The lads in the next township grabbed six counters at the expense of Ray Sorenson, who was pitching.

Among the students on the Antioch high school honor roll are the following:

Children's Room

Suggestions for the children's room are a toy box made from the drawer of a broken-down bureau and a set of blocks created with odd scraps of wood left over from carpentry jobs. The blocks can be painted with letters, ships, flowers or whatever your fancy dictates.

More Money  
Than Ever Before  
Needed for 7th

WASHINGTON, D. C.—Announcing plans for the 7th War Loan Payroll Savings Drive, Ralph G. Englesman, Director of Payroll Savings for the War Finance Division of the Treasury Dept., said today: "The Seventh War Loan will be one of the two great War Loans planned for 1945. More payroll money will have to be raised from individuals in this War Loan than ever before."

"That money is needed first, of course, to help pay for the War. Just as important, however, is the fact that with incomes up, employment high, and consumer goods scarce, it is vital that we get every possible dollar over rock-bottom expenses into War Bonds—NOW."

"More money than ever before is in the hands of the men and women who work in the plants, offices, and shipyards of the country. It is the plan of the Seventh War Loan to pay particular attention to the sale of E Bonds to workers through the medium of the Payroll Savings Plan. This advance drive will start early in April and all payroll allotments plus extra cash or increased allotment sales made in the months of April, May and June and processed between April 9th and July 7th will count in the Seventh War Loan totals."

"Each company has been asked to accept a Seventh War Loan quota for sales to employees. This quota is based on the average wage scale of a company and represents its share of the overall national objective."

"This advance Seventh War Loan drive which starts in the plants, offices and shipyards in April is a crucial test. Management and labor must urge every worker throughout the country to buy Bonds with the last possible cent he or she has available."

"Only in this way can we reach the great quotas which have been assigned."

Surplus Machine Tools  
Being Sold Through RFC

As fast as they are declared surplus, machine tools and production equipment will be made available to all types of industrial users through the medium of public sales, the Reconstruction Finance Corporation, a Disposal Agency designated by the Surplus Property Board, announced today.

This accessibility has been made possible by the removal by the Army and Navy—of all restrictions upon the sale of surplus machine tools and production equipment.

On December 22, 1944, when the War and Navy Departments stepped up the pace of munitions production, the RFC, at their suggestion, imposed a restriction on the sale of critical surplus property. During this period all critical Government-owned machine tools, including those on the point of being released for non-war production, were held back from sale as surplus until the Inter-Governmental Machine Tool Review Committee screened the items against war production wants. Not until all such proposed sales as surplus had been reviewed was the transfer of surplus equipment permitted into civilian production. This restriction has now been lifted.

Purchasers may now place their orders with the assurance that if the prices are reasonable they may acquire machines without any possibility of having the Army or Navy refuse to release the items. Advances to this effect have been sent by the RFC to all of its field offices.

With the removal of these restrictions on the sale of surplus machine tools, RFC anticipates a brisk activity in sales. The corporation is now arranging for several machine tool sales. Currently scheduled are sales at Springfield, Illinois, where over 9,000 items of production equipment are being offered, and at Indianapolis, Indiana, where 1,200 items will be sold.

FOX RIVER GROVE

SOLDIER SAILS HIS OWN BOAT IN S. SEAS

Headquarters, 13th AAF, Philippines—Most GIs get some degree of pleasure out of watching odd looking native outriggers cleave the water around Pacific islands, but not Pfc. Richard J. Hegner, son of Mr. and Mrs. John R. Hegner of Center road, Fox River Grove, Ill. He owns one and drives his own.

While based in the Southwest Pacific, Pfc. Hegner wandered down to the beach one morning and found a native dugout that had drifted in to shore. He took possession of it.

"I rigged it with a good sail, rudder and outrigger," he reported, "and tried it out. It worked."

From London, England, via Associated Press comes word that the U. S. Army newspaper Stars and Stripes criticized editorially in a recent issue what it called a "psychoneurosis fad" based on a mistaken belief that every returning veteran is maladjusted and in need of special training.

The newspaper said that the situation was "causing returning servicemen some bewilderment and rapidly assuming ridiculous proportions in the United States."

"Yeah, and it's sure going to be fun when some of them that RSM start getting busy setting some of us maladjusted civilians to rights on the way WE fit in with the post-war world, ain't it?"

Beloved Marionettes

On the island of Sicily the movies never have won the natives away from their beloved marionettes. In Palermo the Teatrino dei Piccoli (Little Theater for Little Folk) has presented puppet drama handed down from father to son through centuries. "Charlemagne and the Twelve Paladins" has been known to run serially for an entire year in the Sicilian metropolis. In Naples, Milan and other Italian cities serials have run for months, with audiences applauding each sword thrust and hissing the villain.

Loose Handling

Many owners of farm flocks throw their 25 to 75 fleeces into one end of an open shed, and leave them unstacked where the exposed fleeces become unusually dirty due to dust storms and other causes. Such poor care reduces the value 5 to 10 cents a pound. The small flock owner also should separate his various grades of wool by placing loose cloth partitions in the wool bag.

Basic Food

Peanut butter is listed in one group of the basic seven foods. It is over one-fourth protein, a good source of vitamin B1 and also contains minerals—iron and a little calcium and phosphorus.

# **Four Billions In E Bonds Goal In 7th War Loan**

WASHINGTON, D. C.—"In the Seventh War Loan your government is asking for the largest sum in investments by individuals in the history of America. Of the \$7,000,000,000 individual goal, \$4,000,000,000 is to be in E Bonds," Secretary of the Treasury Henry Morgenthau Jr. recently said in announcing the Advance Payroll Savings drive. The Secretary further stated:

"To meet this unprecedented but vitally necessary E Bond quota, the American worker, through the payroll savings plan, is being called upon for increased allotments and extra cash War Bond purchases to a greater extent than in any previous drive."

War is the grimmest and greatest of human endurance tests. The side that wins, in the final analysis, is the side that is in there working and fighting at the end—the side with the stamina and the spirit to endure the long and terrible ordeal.

"The present war imposes its test no less upon civilians than upon the men in the armed services. Victory goes inevitably to the side whose men and women, in and out of uniform, stick longest and most unwaveringly to the performance of their jobs."

"There has been a fundamental change in the nature of the war. There is no limited objective now. The objective is total victory. The nearer we drive toward the enemy's heart, the costlier the war becomes. As we begin to go all out against the Japanese, so will our costs increase due to greater distances."

"I know that Americans need no appeal to meet the demands of the Seventh War Loan. The way for each of us here at home to meet these demands is through increasing War Bond purchases, unceasing devotion to his duty and his job and through a vivid knowledge that to win we must sacrifice."

"Our response to the Seventh War Loan will be the vindication to these men of their faith in us."

## **New Bond Film Features Talks By U. S. Leaders**

WASHINGTON, D. C.—The War Finance Division of the U. S. Treasury has recently released a dramatic film, entitled "Mr. and Mrs. America," stressing the importance of War Bond ownership.

Early highlight of the film is a brief address by President Roosevelt who points out that 85,000,000 Americans have already invested billions of dollars in Bonds.

"Never before," states the President, "have so many people held such a direct share in a great national effort. To save, to buy and to hold all we can of War Bonds—this is a small service to ask of us who do not fight. Yet it is one of the biggest things we can do for our fighting men."

Following the President's speech, there is a series of quick cuts of battle action, followed by scenes of first aid, surgery, nursing, convalescence.

"Your War Bond has two sides," says a narrator. "One side fights the war, the other wins the peace... Your own personal peace."

Philip Murray, President of the C.I.O., declares:

"The great Payroll Savings plan was introduced as a wartime measure to help finance the war and combat inflation. Few of us realized when it was first introduced that it also was a powerful instrument for winning the peace. Through a program of regular savings... men and women of America have an unprecedented opportunity to insure themselves of a substantial measure of security."

Next, William Green, President of the A.F.L., states:

"Men of labor know that in organization there is strength and the men and women of America are today organized in a vast War Bond army... If we remain united by buying and holding War Bonds until they mature, we shall be taking a great step toward that security we are all looking forward to in the future."

And then Eric Johnston, President of the Chamber of Commerce:

"It takes work and money—lots of it—to keep our giant industries operating at full steam. War Bonds you buy and hold account for a large part of that money today... War Bonds you buy today and hold for the future are vital stakes in our America—that is and your America—to be."

An important part of the movie is an address by Treasury Secretary Morgenthau who, describing the many advantages of E Bonds, makes this unequivocal statement:

"As Secretary of the Treasury, I can assure you that the Government will stand back of this Bond and fulfill every provision of it. It will be paid precisely and exactly according to the terms under which it was issued."

**"THE BIGGEST, MOST URGENT WAR LOAN OF ALL!"**

"That's what I'm doing..."

"Hitting 'em twice as hard—buying twice as many bonds as I ever did before. Uncle Sam has got to raise in this war loan just about as much as he did in 2 war loans last year up to this time."

"That's why the 7th is the biggest and most important of them all."

"And I'm mighty proud—as every farmer ought to be—to have the chance to help!"

"The way I figure it, at this crucial time in the war Uncle Sam is calling on all of us to go whole hog—to produce

more food, to build more equipment, to do all we can to hit the enemy—HARD—without a let-up."

"And of course all that takes money. Money for thousands of giant new planes, money for all the tons of ammunition and war supplies our fighting men need to do the job up brown."

"Neighbor, that's where you and I come in."

"We can help in the chore of sending our boys everything they need—help by buying all the bonds we can... twice as many as we did last time!"

## **WAR BONDS PAY OFF IN THESE 7 WAYS...**

- 1 The same Government security backs your War Bonds as backs the actual dollars you put into them.
- 2 You get \$100 at maturity for every \$75 loaned now.
- 3 You can get your money back, 60 days after issue date, any time you need it... in the meantime you get safety and steady growth.
- 4 You have a backlog to renew farm buildings and equipment after the war.
- 5 Bonds will insure your children's schooling, or provide for your own security, travel, retirement.
- 6 Bonds go into a national nest egg that will help to assure post-war prosperity.
- 7 Bonds transform your love of home and country into action... you join personally in the biggest, most urgent War Loan of all—the Seventh!

## The Country's First "War Loan" Advertisement

## ADVERTISEMENT

Lancaster, May 6th, 1755.

NOTICE is hereby given to all who have contracted to send wagons and teams or single horses from York County to the Army at Wills Creek, that David M. Conaughy and Michael Schwoope of said county, Gentlemen, will attend on my behalf at York Town on Friday next, and at Philip Forneys on Saturday, to value or appraise all such wagons, teams and horses, as shall appear to those places on the said days for that purpose; and such as do not appear there to be valued after valuation from thence to Wills Creek, under the Conduct and Direction of Persons I shall appoint for the purpose. The owner or owners of each wagon or set of horses should bring with them to the Place of Valuation and deliver to the appraisers, a paper containing a description of their several horses in writing, with their several marks natural and artificial; which paper is to be annexed to the contract. Each wagon should be furnished with a cover, that the goods laden therein may be kept from damage by the rain, and the health of the drivers preserved, who are to lodge in the wagons. And each wagon, and every horse driver, should also be furnished with a hook or sickle, fit to cut long grass that grows in the country beyond the mountains. As all the wagons are obliged to carry a load of oats, or Indian corn, persons who have such grain to dispose of are desired to be cautious how they hinder the King's Service, by demanding an extravagant price on this occasion.

B. FRANKLIN

BEN FRANKLIN, at Lancaster, Pennsylvania, on May 6, 1755, caused to be written what is termed the country's first war loan advertisement. Franklin warned his readers against inflationary prices lest they "hinder the King's Service," a lesson still good in the Mighty Seventh War Loan. The document was written in German as well as English. Superimposed on the original are the words used by Franklin. This was a loan of materials and not of dollars.

## Morgenthau Cites Types of Issues Issued to Public

A grateful Nation has girded itself for the Mighty Seventh War Loan for 14 billions of dollars, half of which has been assigned as the individual sales quota. According to reports from state chairmen reaching Ted R. Gamble, national director of the War Finance Division of the Treasury in Washington, the Nation is ready for the huge task.

Mr. Gamble was enthusiastic about results. He said "We're prepared to do the best job in the 7th War Loan." Mr. Gamble said that "not only is there more money available than ever before in each state, but individual income will be higher in the period of the 7th War Loan than in any previous War Loan period."

MORGENTHAU

Secretary of the Treasury Henry Morgenthau said seven billions of dollars has been assigned as the quota for individual investors, and that the major emphasis throughout the drive will be placed on the quota for individuals. The individual quota is the highest established in any of the previous drives, the secretary said. The E Bond quota alone is 4 billion. The 7th War Loan seeks nearly as much in the one drive as was asked in the first two drives of last year which were held up to this time. The two drives of this year, therefore, will seek nearly as much as was sought in the three drives of 1944.

The Secretary stated that there is every evidence that Federal expenditures are going to remain at a high level for some time to come, and that the Seventh War Loan program was designed to obtain maximum funds necessary to prosecute the War from non-bank investors. The securities, which will be sold under the direction of the State War Finance Committees, are as follows: Series E, F and G Savings Bonds, Series C Savings Notes, 2 1/2% Bonds, 2 1/4% Bonds, 1 1/2% Bonds, 1% Certificates of Indebtedness. The 1 1/2% Bonds will not be offered in the Drive to corporations.

The Drive for individuals will extend from May 14 to June 30. However, an intensification of activities in the sale of Series E bonds began April 9, when millions of persons on payroll savings plans throughout the country were asked to enlarge their participation as a part of the Seventh War Loan. All Series E, F and G Savings Bonds and Series C Savings Notes processed through the Federal Reserve Banks between April 9 and July 7 will be credited to the Drive.

During the final phase of the Drive which will cover the period from June 18 through June 30, subscriptions will be received from all other non-bank investors for the 2 1/4% and 2 1/2% marketable bonds and the certificates of indebtedness.

**Strain Motor**  
Don't overload the washer. Too many clothes reduce washing efficiency and strain the motor. Clothes should circulate freely in the water. Don't overload the wringer. Distribute the garments evenly over the entire length of the roll. If you have a spinner-type drier, be sure to distribute the clothes around evenly in it, to prevent vibration and undue wear on the machine.

**Sodium Fluoride**  
Sodium fluoride is poisonous, but there is little or no danger of the cockroaches carrying sufficient sodium fluoride to any food product to be harmful for human consumption. It should not be sifted directly on any food product which is to be eaten.

## President Osmena Predicts Japs Will Be Hard To Beat

WASHINGTON, D. C.—President Sergio Osmena of the Philippines, now in process of complete reconstruction from the Japanese and from which General Douglas MacArthur's land forces under Admiral Chester Nimitz will swing into final action against the enemy, today issued a statement in behalf of the Mighty Seventh War Loan.

OSMENNA

President Osmena's statement was released by Brigadier General Carlos P. Romulo, resident commissioner of the Philippines to the United States, at the Philippine offices here. President Osmena said:

"Needless to say, we Filipinos are very pleased with the signal successes achieved by the United States and her allies during recent months. After a long and hard struggle, the Germans have been pushed to the brink of overwhelming defeat, and the end of the war in Europe is now clearly in sight.

"In the Pacific, our gains have

been no less impressive. Under the inspiring leadership of such men as General MacArthur and Admiral Nimitz, the Japanese have been dislodged from one position after another in their ill-gotten empire. In this connection, my people and I are extremely grateful that the Philippines are now being liberated from the tyrannical rule of the enemy.

"Happy as I am that my country will soon be able to live in peace again, much remains to be done before Japan is fully beaten. Aside from the additional campaigns which will be needed to obtain military victory in the Pacific, there is also the human factor to be considered in that other peoples of the Far East eagerly await to be freed from the enemy. We Filipinos know only too well from experience what it means to be under Japanese domination.

"One of the outstanding feats of the war has undoubtedly been the effective fashion in which the United States has overcome the formidable obstacles of distance in supplying the Pacific. Large quantities of supplies will be needed, however, to deliver the final crushing blows against a ruthless and fanatical enemy. All of us can make certain that these supplies are available for our armed forces by giving enthusiastic support to the Seventh War Loan Drive."

## Pinup Baby Given War Bonds

**THE WINNER**—Little 15-month-old Harolyn Cheryl Meyer of Trenton, New Jersey, official pinup girl of the USS New Jersey, was made \$3,200 richer in War Bonds through donations by the crew of the USS New Jersey for use in obtaining her future education. Governor Walter E. Edge made the presentation. The child's father, an Army Air Corps pilot, is a prisoner of war in Germany. He has never seen his little beauty queen. She is held by her mother, Mrs. Harry C. Meyer.

**Carpet Beetles**  
Because carpet beetles feed on all types of material that find their way into cracks of the floor and house, they may build up to a heavy infestation without sign of their damage to woolen articles and without the housewife's knowledge. It is at housecleaning time that this type of insect infestation often comes to light.

**So. American Corn**  
Still another gift of Dame Nature to which ingenious Latin Americans have turned their talents is corn. In Mexico and Central America, baked into flat cakes and often garnished with meat or cheese, it constitutes an almost universal food as the celebrated tortilla.

**Pulpwood Powder**  
One cord of pulpwood is used in making smokeless powder for 90,000 rounds for a Garand rifle.

**Spread Blight**  
"Throwout" potatoes on refuse piles on many farms in the neighborhood of potato warehouses and even on city dumps, spread spores of blight by wind and insects to nearby fields. Such piles of discards should be sprayed with a strong weed killer or covered with straw, sprayed with kerosene or gasoline and burned.

**Egg Calcification**  
Poultrymen should expect a decrease in calcification of egg shells in spring as birds are going out of production. Unless thin shelled eggs are found on a large scale, the diet should not be blamed for the condition.

Pvt. Litski had been stationed at Camp Hood, Tex.

"The battle for individual freedom must be fought here at home as well as on overseas battlefields," said Mrs. Alma Harden, Americanism chairman of Antioch unit of the American Legion auxiliary, today, urging eligible women to enroll in the Auxiliary for 1945.

"This war is being fought to prevent individual freedom from being destroyed throughout the world," said Mrs. Harden. "While we are winning the war on the battlefield, we must also stand guard over the principles and institutions of freedom here at home."

"Mobilization of our country and all its resources for war has brought vast changes. It will be a new America which emerges from this conflict. Unless American citizens are alert and clear sighted, the changes may fall into some pattern of regimentation or restriction of our traditional freedom."  
"The American Legion and auxiliary are alert to this danger and are working vigorously against it, even

as they are working with all their energies for the swift defeat of the armed forces of oppression. Our boys must come home to an America where they will have open opportunity to achieve success and happiness, with no un-American restrictions of their individual lives.
